

ITAB

-
- The image displays two views of the LED ceiling light. The top view shows the light with a black trim ring, and the bottom view shows it with a silver trim ring. Both views show the central lens with a faceted, diamond-like pattern.

Technical drawing of a roof structure showing a cross-section. The structure consists of a base plate of width Δ and a roof of height H . The roof is supported by a central vertical post and two side posts. The side posts are connected to the base plate by diagonal bracing. The roof is covered with a material that has a thickness of 10 cm .

A= 160mm, B= 106mm
