

- ✓ Closing the gap between self-checkouts and manned checkouts – a hybrid solution. The presence of a cashier leads to higher customer acceptance
- ✓ A ScanMate with one cashier can serve up to six customers
- ✓ Item separation solution which also turns bottles
- ✓ Simple integration to a POS, the ScanMate is a barcode scanner
- ✓ Protects against mistakes and fraud by using big data, algorithms and security scale

Technical specification

Dimensions HxLxW mm	Length: 5450 - 6850 mm Width: 1100 mm Height: 1430 mm
Certifications	CE
Voltage	220-240VAC 50-60Hz Max 3A in total
Operating temperature	+10 °C to +30 °C
Customer display	Yes
Options	Yes
Packing area alternatives	Dual lane
Payment options	Card & Glory prepared
Ergonomic norms	ADA guidelines
Customisable	Yes
Installation	Indoor
Scanners	Dimensions prepared for Magellan 3200V & 3450
Operating conditions	Ambient humidity: 30-80% Storage humidity: 30-80%
